Select the Install Now button on the left side of the screen.

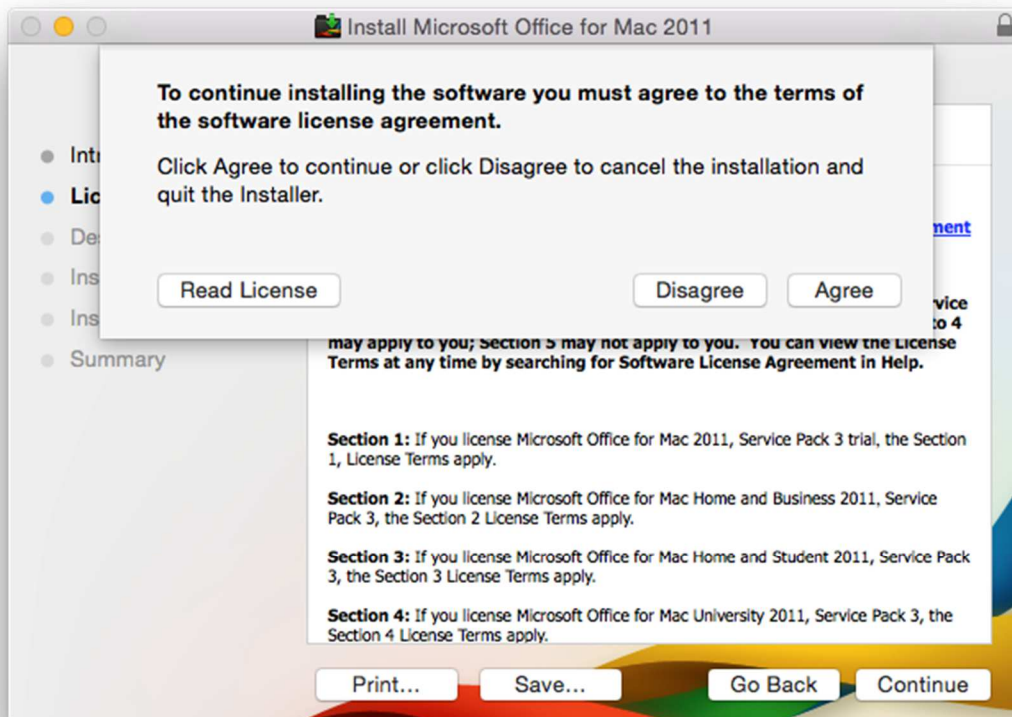

The installation will then begin to download the package into the Downloads folder on the Mac. Once completed double click the **DMG** file.

Double click the install file to start the installation process.

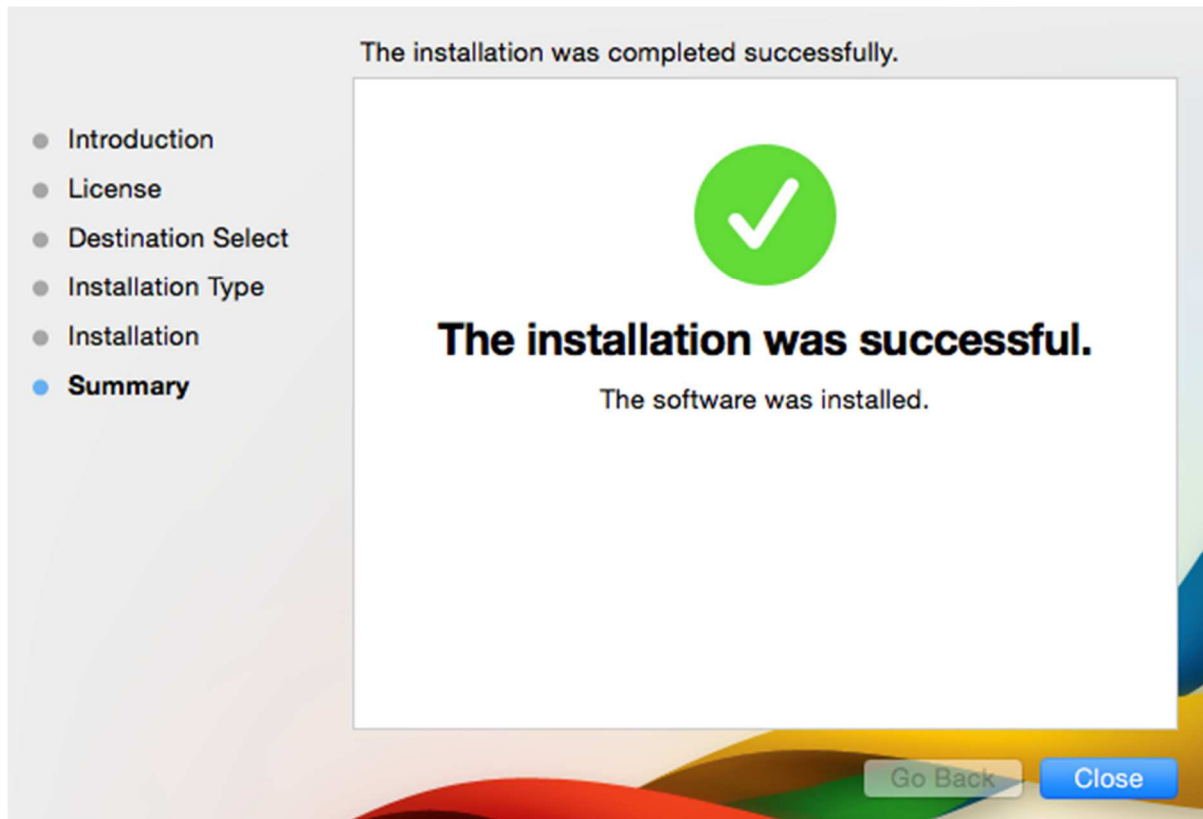

Click the usual next, agree and install buttons to continue.

Once the install button is clicked, a prompt may appear requesting authentication to proceed with the installation. Enter the username and password of an Administrator account on the Mac.

Once the installation is complete a large green tick will appear. Click finish.

On first run of the software you will need to register. From the below Screen click **Sign into an Existing Office 365 subscription.**
